Dear Mr. Trudeau:

We seem to be sailing between economic Scylla and Charybdis these days. Odysseus had a plan to lose a few men and save the ship. I can think of a few financial types we could afford to lose. Well, one always has hopes.

Health care is on the horizon. I hope the plans will include appropriate health care for our veterans. Thank you for your ongoing support.

I think it will help your message to let people know about Eric Newhouse's book, *Faces of Combat, PTSD and TBI*. Eric makes the case for our responsibilities to our military and suggests appropriate treatment methods. I hope you agree.

Sincerely,

Thomas M. Blaschko
