Dear Mr. Trudeau:

The stories of out of control servicemen, servicewomen, and veterans continue. Over 1000 of them attempt suicide every month. We need to help these folks by providing effective care for all of them. We especially need to provide care for the ones who received less than honorable discharges when they were unable to continue in the service because of PTSD or TBIs.

We can work together to get the message out. Please let people know about Eric Newhouse's book, *Faces of Combat, PTSD and TBI*. Eric makes the case for our responsibilities to our military personnel and looks at effective treatment methods.

Sincerely,

Thomas M. Blaschko
